DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 6/18/2004 has been entered.

Response to Arguments

2. Applicant's arguments, see amendment, filed 6/18/2004, with respect to claims 1-10, 12-18 and 20 have been fully considered and are persuasive. The rejection of these claims is withdrawn.

Drawings

3. The corrected drawings were received on 6/18/2004. These drawings are Figs. 1, 5 & 6.

Specification

4. Substitute specification was received on 6/18/2004. The substitution is accepted.

EXAMINER'S AMENDMENT

5. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ken Yoshida on 10/28/2004 (see attached copy of certificate of transmission by facsimile dated 10/28/2004).

The application has been amended as follows:

Regarding claim 6, please change "the color image area sensors" to -- color image area sensors --.

Regarding claim 7, please change "the set of correction coefficients is selected" in line 2 of the claim to -- the correction coefficients are selected --.

Regarding claim 9, please change "the set of correction coefficients is selected" in lines 1 & 2 of the claim to -- the correction coefficients are selected --.

Regarding claim 12, please change "a horizon direction" in line 4 of the claim to -- a horizontal direction --.

Allowable Subject Matter

6. Claims 1-10, 12-18 and 20 are allowed with the Examiner's amendment stated above.

Art Unit: 2615

The following is an examiner's statement of reasons for allowance:

Regarding independent claim 12, the prior art of record fails to teach or fairly suggest the combination of all limitations of claim 12 including "...a coefficient determination unit connected to the direction determination unit for adjusting a RGB conversion matrix of orientation-sensitive correction coefficients from predetermined sets of the correction coefficients based upon the direction; and data conversion unit connected to the coefficient determination unit for correcting the data based upon the adjusted RGB conversion matrix of the correction coefficients to perform a sum of product operation on the RGB data."

Regarding independent claim 1, the claim is allowed as being a method claim of claim 12.

Regarding independent claim 20, the prior art of record also fails to teach or fairly suggest the combination of all limitations of claim 20 including "...determining a continuous direction of the abrupt intensity gradient including stripes between a horizontal direction and vertical direction, the sampled areas being covered by a planar array of color area image sensors, [the] color area image sensors generating primary colors; adjusting a RGB conversion matrix orientation-sensitive of correction coefficients based upon the direction; and correcting the data based upon the adjusted RGB conversion matrix of the correction coefficients to perform a sum of products operation on the RGB data."

Regarding claims 2-10, the claims are allowed as being directly or indirectly dependent of claim 1.

Regarding claims 13-18, the claims are allowed as being directly or indirectly dependent of claim 12.

Art Unit: 2615

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
